**STATEMENT CONCERNING PROCEDURES ENSURING**  
**COMPLIANCE WITH CPNI REGULATIONS**  
**FOR CALENDAR YEAR 2007**

The operating procedures of ENA Services LLC. ("ENAS" or "Company") are adequate to ensure that the Company complies with Part 64, Section 2001 *et seq.* of FCC rules governing the use of CPNI.

Compliance with the FCC's CPNI rules is ensured by the fact that ENAS has established an internal policy limiting the use or disclosure of CPNI to very limited circumstances. Furthermore the Company trains employees on the limitations of use or disclosure of CPNI as governed by federal law and Company policy.

The Company's current policy establishes the following parameters regarding the use or disclosure of CPNI:

- 1) ENAS does not use, disclose or permit access to CPNI for marketing purposes.
- 2) ENAS will not release or disclose a customer's CPNI to a third party, except (A) pursuant to a valid request from law enforcement, the federal judiciary or other appropriate governmental authority (*e.g.*, CPNI will only be disclosed after the requesting party demonstrates that the request is made pursuant to a valid subpoena, court order, search warrant or letter from a national security agency); (B) to ENAS' parent company, Education Networks of America, Inc., solely for operational or administrative reasons related to the provision of services to the customer; or (C) to a third party pursuant to express customer approval to release or disclose the customer's CPNI to such third party.
- 3) ENAS has implemented customer authentication protocols that are compliant with the FCC's requirements. Appropriate passwords must be provided before CPNI is released. If passwords are not available, other methods compliant with the FCC's requirements are utilized to authenticate the requestor before such information is released.
- 4) ENAS maintains a record, for a period of at least one year, of those limited circumstances in which CPNI is disclosed or provided to third parties (pursuant to a valid request from law enforcement, the federal judiciary, other appropriate governmental authority, or express customer consent).
- 5) Violations of the FCC's CPNI rules or the Company's CPNI policy may result in disciplinary action, including the termination of employment where appropriate.
